The republican argument that a high tariff is necessary to maintain "the high American wage" is shown up as a farce by the presence in several American manufacturing communities of agents of Canadian manufacturers, who are gathering figures to show that Canada cannot compete against American wages. The Canadians, for instance, are learning that men work in the steel mills twelve hours a day, and seven days a week for a dollar and a half a day. It is because they do not wish to compete against the cheap foreign immigrant labor employed by the steel and other trusts that some of the Canadians are urging the defeat of reciprocity. And yet, the republican protectionists have argued all these years that the great danger to American labor was the possibility that it might have to compete with the cheap labor of other countries. The information gathered by the Canadians knocks the legs from under that ancient contention, so far as Canada is concerned, at least.

SPEAKER Clark plans to make good roads the issue of the next campaign. As a member of the Lincoln Memorial commission Mr. Clark is advocating the building of a great highway from Washington to Gettysburg, "as the nucleus of a great system of national roads built by the government in co-operation with the States." The majority of the commission favors a marble arch in Washington, which the speaker says would form a fine meeting place for English sparrows, but which would not fit in with the practical character of the great Lincoln. The speaker has induced the president to defer action until legislation can be passed permitting the building of the road. He will then push for the adoption by the government of a national road building policy.

THAT Attorney General Wickersham will become a campaign issue by 1912 is regarded as certain by those looking ahead. Wickersham has permitted Taft to be besmirched in the Pinchot and other matters. Wickersham was on the side of Ballinger against Pinchot just as he is at present against Dr. Wiley. Developments in the steel trust investigation furnished fresh evidence that Wickersham exemplifies the alliance between the Republican party and monopolists. In the opinion of many the sequence of all this will be that Taft will get many a whack over Wickersham's shoulder.

They're Busy.

The drought has been the cause of nearly every farmer in Madison county getting busy and digging a new pond or else cleaning out the old one. In the past summer than any other portion of the county, hundreds of ponds have been cleaned out or dug new so that when the rain does come they will be prepared. There are three revival meetings now going on in that section and Union, and the people are expecting a soaking rain are long.

Fair Exchange

A New Back for an Old One.
How It Can Be Done
In Richmond.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the lions are so lame to step is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Richmond residents would do well to profit by the following example.

E. M. Cox 302 Bowyer St., Lexington, Ky., says: "My occupation requires much heavy lifting and I believe this was the cause of my kidney trouble. I first noticed a dull pain in my back which became so acute that I could not rest. When I arose in the morning, I was lame and stiff and felt so tired that I could hardly commence the day's work. My kidneys were also disordered and the kidney secretions caused me much annoyance by their frequency in passage. I doctored and tried many remedies but could not find relief. When suffering severely I don't know how I came to my attention and decided to take them. I procured a supply. I soon improved and by the time I had taken the contents of a few boxes, I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For Sale.

I will sell at public auction on September 1st, (Friday), my dwelling in Richmond, Ky., situated on Fifth St., containing seven rooms, good kitchen, porch, lot 50x150 with good concrete walks etc. Sale will begin at 10 a. m. Anyone desiring to look over property between now and day of sale can do so. 10-2t Mrs. D. M. Stephenson.

An ordinary case of diarrhoea can, as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by Stockton & Son.

Platform

On Which Kentucky Democrats Will Fight This Fall.

Section 1.—ON NATIONAL ISSUES.
We, the Democrats of Kentucky, in delegate convention duly assembled and held in the city of Louisville, Kentucky, on August 13, 1911, do hereby pledge anew our faith in and devotion to the time-honored and eternal principles of our party first promulgated in the Declaration of Independence and since reaffirmed in successive platforms of the party, and we especially reaffirm our faith in and devotion to the national Democratic platform adopted at Denver, Colorado, in the year 1908.

Sec. 2.—We denounce the Republican party and the present Republican President, for their flagrant and willful betrayal of the trust reposed in them by the American people and call attention especially to the fact that they have willfully disregarded their pre-election promises to the effect that they would revise downward the unjust tariff system and would relieve the masses of the people of the heavy burdens of unjust and unnecessary taxation.

On the contrary the Republicans enacted the odious Payne-Aldrich tariff law of 1906, pronounced by Mr. Taft to be "the best Republican tariff law ever passed" which law was a gross breach of the promises of the Republican President and his political party. This tariff, in order to enrich the few, increased the burdens of the many, and authorized those favored few not only to continue, but to increase, their robbery of the many under the forms of law.

Sec. 3.—We point with pride to, and heartily endorse the patriotic record made by the present Democratic members of Congress and Democratic Senators, in their efforts, over determined Republican opposition to, in good faith, redeem the promises of the Republican party to repeal unjust and oppressive Republican laws, and to enact wise and just laws for the benefit of the great masses of the people, and we invite all to contrast the aims and record of the Democrats in the House and Senate of the present session of Congress with the

aims and record of Republicans and especially with the Republican session of 1906 which enacted the Payne-Aldrich tariff law.

We especially endorse the record of our Democratic Congressmen and Senators from Kentucky for their fidelity in keeping the promises of their party and representing the people and the interests, and we denounce the record of the Republican Congressmen and Senators from Kentucky, because they have represented not the people, nor have they sought to relieve their burdens, but have represented the privileged, protected interests of the country.

Sec. 4.—ON STATE ISSUES.
Kentucky is and of right ought to be, a Democratic State, and a Democratic party in appealing for the support of the electorate of the State eagerly invites an intelligent comparison of the records it has made with those made by its political adversary during the temporary occasions it has controlled the affairs of the State.

Against the Republican record in Kentucky of association, bloodshed and disregard of law, we present the Democratic picture of peace, scrupulous regard for human life and a strict observance of, and respect for law; as against an empty treasury and rejection and shaving of honest demands against the State, we present a picture of a magnificent State Capitol erected and paid for without any extra tax, and every just claim against the State promptly met and paid in full; as against platform pledges and promises broken and made to be broken, we present a record of all pledges and promises faithfully kept; as against hypocrisy, demagoguery and incompetency we present a record of sincerity, fidelity, competency and statesmanship.

We denounce the action of the Republican Governor for his partisan and unjust action in pardoning men indicted for participation in the assassination of William Goebel, the Governor of our State, and we assert that those pardons were granted for political reasons, and not upon the merits of the cases.

We charge the Republican party both in the State and in the nation with gross extravagance and willful waste in the expenditure of the people's money, and we pledge ourselves to retrenchment and reform, and to an economical business administration of public affairs.

Sec. 5.—We are in favor of a direct primary election law, providing that all primary elections shall be conducted under lawful authority and at public expense, and to be regulated in the same manner and subject to the same penalties for violation, as in case of regular elections.

Sec. 6.—We favor the enactment of an explicit and effective corrupt practice act, which shall determine what campaign expenses shall be legitimate and which shall provide for the compulsory publication in detail, under heavy penalties, of the campaign expenses of every candidate for public office.

Sec. 7.—We favor the enacting of such additional laws as will make our entire common school system more efficient and more practical.

We pledge our support to our school system and the educational institutions of the State, wisely and economically administered. Money appropriated for the education of the people is an investment and not an expense; school trustees, school boards and all school officials should be held rigidly responsible for adequate returns on every dollar so invested. We charge the Republican party with neglect of and indifference toward our school system.

Recognizing that a large majority of the teachers of our common schools are now eligible to be elected school trustees, county school superintendents, and hold office, and are frequently so elected, we favor the extension to women suffrage in all school elections, subject to wise regulations as to qualifications as the General Assembly may determine.

Sec. 8.—We favor such laws as will, under appropriate penalties, destroy all corrupt lobbying seeking to influence the legislative body in the Commonwealth on the subject of legislation, or the election of officers by it, or in any other matter; but we recognize the constitutional right of the people to petition and to be impartially heard on all questions.

Sec. 9.—We favor, under wise and proper restrictions, the creation of a State Utilities Commission, having ample powers to discharge its duties.

Sec. 10.—We favor a change in the present method of selecting the Prison Commissioners of the State, and the removal of all politics from the management of our penal institutions. While commending the present Board of Prison Commissioners for its successful management of the institutions under its care, we recognize that the system of election by the Legislature, under which they were elected, is unwise, and we therefore favor such a change as will place their appointments in the hands of the Governor, subject to confirmation by the Senate, or some other method such as the General Assembly may provide.

Sec. 11.—We favor a law requiring that a uniform system of accounting be installed and conducted in all public offices charged with the collection and disbursement of public moneys.

Sec. 12.—We favor the General Assembly submitting to a vote of the people whether or not they desire to adopt an amendment of our State constitution broadening the powers of the constitution, so that it may classify property for the purposes of taxation; but we are opposed to any law the effect of which would be to lighten the burdens of taxation on the wealthy and on corporations at the expense of the poor, the farmer or the laboring man.

Sec. 13.—Temperance is essentially a moral, moral and social question, and should not be made a partisan issue system and would relieve the masses of the people of the heavy burdens of unjust and unnecessary taxation.

We favor the extension of the present local option law, as applied to the sale of liquors, which has been upheld by our highest court as valid and constitutional, so that the citizens of each and every county in the State may determine for themselves whether spirituous, vinous or malt liquors may be sold therein.

Sec. 14.—We favor organization and co-operation among the farmers and laborers of the State, and the enactment of such constitutional laws as will protect them from the greed and oppression of the trusts and monopolies of the country, which are the direct fruit of Republican legislation.

Sec. 15.—We favor such wise and conservative laws as will encourage road and bridge building in Kentucky and favor reasonable State aid for the construction of roads and bridges, but only on condition that each county or local community which is primarily benefited shall first do its part and discharge its duty to itself in this regard.

Sec. 16.—We favor the creation, removed from politics, of a Department of Banking, providing for competent

inspection of all our State institutions, and similar to the system now existing for national banks.

Sec. 17.—We favor the enactment of such wise laws as will put into effect all sections and provisions of the State Constitution, and we declare that we are in favor of the enforcement of all laws.

Sec. 18.—We favor the enactment of wise laws for the protection from accident and injury of all laborers engaged in hazardous employments, and we favor a wise, conservative law regulating the arbitration of labor strikes and disputes.

Sec. 19.—We favor a law prohibiting peddling and female slave traffic, regardless of color.

Sec. 20.—We are opposed to all mobs and lynchings and are in favor of imposing the severest penalty possible, under our Constitution, on all officers who fail to protect prisoners entrusted to their keeping.

Sec. 21.—The Democratic party has always been the party of religious, as well as civil liberty, in Kentucky and in the republic. It refers with pride to its noble and consistent record on this important question, so "dear to every true American heart." We are in full accord, both in letter and in spirit with the teachings of Thomas Jefferson, the founder of our party, on this question, and with the provisions of our State and Federal Constitutions, and we are unalterably opposed to raising any religious test as a qualification for holding any office in the State or nation.

Sec. 22.—We favor the nomination and election of United States Senators by direct vote of the people.

Sec. 23.—We denounce and are opposed to Cannonism or one-man power in all representative assemblies, whether it be in the Congress or in representative conventions. We favor the "rule of the people."

Sec. 24.—On this platform of principles and on the aims and purposes of our party in the State and in the Nation, we appeal to all Kentuckians, irrespective of previous political affiliations, who are proud of the past and desire a still more prosperous, more progressive present and future for all our people, to support our magnificent State ticket, including our nominee for the United States Senatorship, and our nominees for General Assembly and for other offices.

Sec. 25.—CONCLUSION. In conclusion we call the attention of Kentuckians to the fact that Democratic principles are triumphant in the Nation and in almost every State, and that the Republican party everywhere is professing to adopt "Democratic principles in its platforms, but we warn them that the Republicans of this State have placed in their platform some progressive Democratic doctrine, not with a view to carry them out or to attempt to carry them out in good faith, in the improbable event of their success at the polls next November, but only for the present purpose of catching votes and deceiving the people, so that they might get the offices and emoluments thereof. The broken promises of the present Republican State and National Administrations as well as the entire history of the Republican party, are sufficient to convince all fair-minded citizens of the insincerity of the Republican party, and that it is not the party of the people; while, on the other hand, the record and history of the Democratic party in the Nation and the State conclusively establish its devotion to duty and its purpose in good faith to redeem the platform pledges made to the people.

Farm News

Items of Interest to the Farmer, the Grower and the Stockman.

Mote Fox, the noted cattle buyer, of Boyle purchased several bunches from the Bourbon county parties last week. Following is a list of the farmers who sold to Mr. Fox, together with the number from each and the prices paid: From Amos and Jesse Turney, 43 head, averaging 1,450 pounds, at \$5.85 per hundred; from J. C. Bryan, 61 head, averaging 1,350 pounds, at \$5.65 per hundred; from J. T. Estes, 32 head, averaging 1,400 pounds, at \$6 per hundred; from W. G. McClintock, 20 head, averaging 1,380 pounds, at \$5.80 per hundred.

The noted old Toddhunter farm of 450 acres located eight miles east of Lexington, has been sold by Mr. George Moosely of Versailles, to Mr. J. H. Kitchin of Ashland, Ky., who will remove to Fayette county to make his home. This fine residence and farm form one of the most valuable properties in the county, as well as the most noted landmarks.

The deal was consummated through Turner and Frazier, Lexington real estate brokers, and the price paid was over \$60,000.

Vioxx Sold.

Jimmy Vioxx, star shortstop of the Lexington team of the Bluegrass league has been sold to the Pittsburgh team and will report to the National league at the close of the season. It is reported that a big price was paid for Vioxx, who is one of the best of the minor leaguers. The New York national league directors have had their eye on a very promising young Pioneer player and it would not be news to the Directors here if a good price was offered in the near future.

Big Game

Will Be Pulled Off Here By Fraternal Order Team of Richmond.

The base ball fans of Richmond and Madison county have about completed arrangements for one of the biggest games of ball ever played on the local diamond. It will be between teams representing the Fraternal order of the county and it will certainly bring out some enthusiasm. The team of the Knights of Pythias and Red Men have challenged the Elks and Masons for honors and it has been accepted. The game will be played on the 31st, Thursday, and will be extensively advertised. In the line up of both teams will be seen many old stars of the local diamond, and as there is intense rivalry, the contest promises to be the greatest ever.

Sec. 17.—We favor such wise and conservative laws as will encourage road and bridge building in Kentucky and favor reasonable State aid for the construction of roads and bridges, but only on condition that each county or local community which is primarily benefited shall first do its part and discharge its duty to itself in this regard.

MIRIAL FEATURES

"BANISH BULL CARE"

ATTRACTIVE OF PASS WILL CONTRAST WITH MORE SERIOUS EXHIBITS.

MUSIC BY ELEPHANT BAND

Free Attractions More Numerous Than Ever Before Furnished—Racing Events Are Corkers.

Variety not only is the spice of life but experience has proven that it is one of the requisites of success for a big undertaking of a public character such as a state fair. In recognition of this fact the management of the Kentucky State Fair has made plans for the ninth annual exhibition which promise entertainment for all classes and sections. While the more serious form of entertainment comes first, especially in connection with an educational institution such as the Kentucky State Fair is proving to be, the demand always is great for something in a lighter vein which will help drive dull care away and furnish a kind of mental desert for the feast of good things which the new premium list discloses.

It was the recognition of this element in human nature which caused the side show at the county fair to be born. The idea grew and until the great international exhibitions at Chicago and St. Louis were produced. It was at the former that the Midway became a reality and at the latter that the Pass was introduced. Both struck a popular chord and this is that the different state fairs are not considered complete without some such feature.

Both Novel and Clean. But, together with the adoption of the Pass feature has come the recognition of the further fact that the general public will not long approve it unless it is encompassed by moral surroundings and not prove offensive to the crowds which attend. The contracts made for the myriad Pass feature stipulations to the effect that the shows must be clean, while retaining the virtue of being novel. This condition will be complied with. Not only will the shows be novel but they will be new. The old time, much worked over exhibition will not be countenanced. On the Pass, as well as everywhere else, the public will be expected to be given their money's worth and failure on the part of showmen to do this will meet with instant rebuke.

As an adjunct to the Pass features will be the numerous free acts, all thrilling and exciting. Caterers to popular amusement assure that the great Babcock act in which a bicycle rider dashes down a steep incline, loops the loop and gaps the gap so quickly that the spectators can with difficulty follow him with their eyes, is one of the most thrilling ever produced.

Musical All Hands. The musical elephants will be a source of continuous delight to the children as well as their elders. The "stunts" which these huge pachyderms perform illustrate what patience and ingenuity will accomplish in the training of wild beasts.

The Whirling Lunette Sisters furnish still another attraction of more than ordinary interest. All lovers of music will enjoy the abundance of it provided by the state fair management. Three high class bands, more than have ever before been heard on the state fair grounds, will render programs each morning, afternoon and night of the fair. Callendo, the great Italian leader naturally will be most in evidence.

Fat Purses For the Races. A total of \$6,000 in purses will be offered in connection with the racing events, which will exceed in interest any ever before held. Kentucky is today the center of racing as a result of the fight made on the sport in numerous states and the stand early taken by the legislature in passing laws for the control of racing which puts it on a high plane. There will be twelve races in all during the week, seven trotting and five pacing events. Due to the fact that the horse collision is scheduled for Saturday afternoon of fair week it will mean that on the first five days of the fair the public will get more than its usual share of races. On Monday there will be two, and on Wednesday and Thursday there will be three races each.

ENTICING STAKES OFFERED FOR FIVE GAITED SADDLERS

COL. M. C. RANKIN READY WITH GENEROUS PURSE IN THIS CONNECTION.

Col. M. C. Rankin, commissioner of agriculture, has come to this year with a guarantee of \$500 in cash as "The Commissioner of Agriculture Stake" for five gaited saddle horses. This special stake of \$500 is for gaited saddle horses, stallions, mares or geldings, to be shown under saddle in accordance with the rules of the Kentucky State Fair governing this class. This stake will be divided as follows:

Forty per cent to the first horse, 25 per cent to the second, 15 per cent to the third, 10 per cent to the fourth and 10 per cent to the fifth.

A condition is that all entries be registered in the American Horse Register. The name of the horse must be filed with the secretary of the Kentucky State Fair by September 1.

BUTTER AWARDS WILL TEMPT THE FARMERS

NEW DEPARTURE PROVIDED, AT SUGGESTION OF EXPERIMENT STATION.

Special attention will be given this year in connection with the Kentucky State Fair to creamery butter. The management desires to encourage this industry in Kentucky and it has been decided that creamery butter, honey and sorghum molasses will be placed in the horticultural department. Herebefore it has been a part of the field, seed and grain department. The horticultural department always is one of the most interesting at the fair, and not alone to the residents of the rural sections, and the addition of these displays will increase the interest materially.

Members of the state fair board express the opinion that a more important feature than that of creamery butter will be hard to find and the display is expected to be such as to evidence the lead which Kentucky has taken in this phase of agricultural endeavor.

The experiment station of Kentucky State university recommends the creamery butter display.

Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE CARDUI The Women's Tonic

Mrs. Jane Calahan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

STEEL MONSTERS CRASH HEAD ON

THRILLING SPECTACLE PROMISED FOR VISITORS AT KENTUCKY STATE FAIR.

COLD SHIVERS A PLENTY

Two Monster Steel Steam Engines Dash to Certain Destruction in Full View of Spectators.

Seldom is it that any community is afforded an opportunity to witness such an ambitious and thrilling performance as is promised at the Kentucky State Fair on Saturday, September 16, when the spectacle is provided of two monster steam engines, started under a full head of steam, permitted to crash head-on in full view of the spectators. A sight such as this is sufficient to cause the most stolid of persons, he with the nerves of steel, to involuntarily shudder and flinch as the collision occurs.

The hiss of escaping steam, the bursting of the great boilers, the rending of the formidable iron parts, the tearing and crashing and grinding of twisted masses of steel are even inspiring in the terrible force which accompanies them.

The sight of the two mountains of machinery rushing headlong into each other's embrace is sufficient to freeze the blood in one's veins, and send shivers of fear rushing up and down the spinal column, despite the knowledge that there is no personal danger. The sensations resulting are intense but it is such as these that the human family is seeking to-day, and no more spectacular offering could be provided to satisfy the ever present desire for something out of the ordinary.

The engines are placed on opposite ends of a track built especially for the purpose. The fires are started, the steam is produced, the throttles are thrown open, and the two monsters are started on their physical destruction by engineers who leap to safety before the impact comes.

PREMIUM LIST FOR CREAMERY BUTTER

NEW DEPARTMENT FOR KENTUCKY STATE FAIR CERTAIN TO MAKE HIT.

Nursery cultivation is proving not only one of the most fascinating of studies in the rural sections of Kentucky but it also is developing into one of commercial importance which is taking high rank. To those interested it will be good news to learn that the Kentucky State Fair management has decided to offer tempting premiums for nursery displays in connection with plant and flower department.

This is another of the entirely new departments which have been decided upon for the big Kentucky State Fair of 1911. It is along the lines of progress and improvement which make certain that the Kentucky State Fair not only will maintain its lead in the south but that it will take its rightful place among the great state exhibitions of Indiana, Iowa, Illinois, Minnesota and others to the north.

PERMANENT BUILDING IN INTEREST OF HEALTH

The campaign for health being waged the country over is to be aided materially by the establishment on the grounds of the Kentucky State Fair, at Louisville, of a permanent health building, the cost of which will be paid by the Jefferson city fiscal court. Dr. W. Ed Gerrard, city health officer of Louisville, and Dr. W. B. Smock, Jefferson county health officer, took up this matter with the fiscal court and secured the appropriation. The federal government has agreed to send a corps of instructors to Kentucky each year during the fair to deliver lectures dealing with the problem of health.

PRIZE WINNERS' PARADE ONE OF BIG FEATURES

Livestock, Bedecked in Ribbons, March Around Pavilion to Delight of Audience.

What has always been one of the most interesting of all the features in connection with the Kentucky State Fair was the grand parade of prize winning livestock around the ring in the pavilion building. This feature is to be given more attention this year than ever. It will be started at two o'clock on the afternoon of Friday, September 15.

This parade is an imposing one, not alone from the amount of money represented by the premiums, but because of the great amount represented in the value of the winners combined. The slow moving, ribbon bedecked cattle seem aware of their commercial importance as they trudge around the ring, while the sleek, carefully groomed horses of high degree prance along as if more than conscious of their grace and breeding.

Collie dogs, running and barking at the crack of the whip of their masters, ponies and costly sheep and hogs, all combine to make a show equal to any presented during the week. It is a source of pride to those who own the prize winners and a stimulus to others to enter their stock in future competitions.

STATE FAIR CLUBS IN EACH OF 119 COUNTIES

"BOOSTERS" WILL BE MARSHALLED IN IMPRESSIVE ARRAY IN EVERY DIRECTION.

Kentucky State Fair clubs in every county in the state are promised long before the gates open for the big annual exhibition on the magnificent fair grounds which are the property of the people of Kentucky. These Kentucky State Fair clubs will be organized in connection with the county meetings of the Farmers' Institutes. The members of each of these clubs are expected to become "boosters" and will have as their slogan, "I'll be there; will you?"

The forming of these state fair clubs alone is expected to mean a big increase in the attendance at the fair from each of the counties of Kentucky.

In addition, the fiscal court in each of the Kentucky counties will be asked to make an appropriation of \$100 for a county display. There is not a county in the Commonwealth but which has one or more products of which it is justly proud and it is these products which the respective appropriations will pay for displaying. Therefore, it not only will be state pride which will be on trial, but county pride as well. A good natured rivalry will thus result which should send the citizens of the different counties back home prouder than ever of the resources of their respective communities.

PREMIUM LIST GREAT FEAST

RURAL SCHOOLS RECOGNIZED

KENTUCKY STATE FAIR GOES THE LIMIT IN ENCOURAGING EXHIBITORS.

The annual premium list for the Kentucky State Fair, which is just out of the hands of the printer, teems with good things in the way of awards, all of a character to attract exhibitors. Thousands of copies are being mailed to prospective exhibitors and the demand for them is unprecedented. A glance through the pages of the premium list, which is attractively gotten up both from a standpoint of mechanical work and of arrangement, furnishes pleasing surprises.

Among the new departments will be the educational, with prizes for the children in connection with the rural schools. These prizes will be divided among the classes in sewing, cooking, map drawing, model lessons, writing, spelling, etc. The premium list was placed in competent hands by Prof. Ellsworth Regenstein, at the head of this department, he having designated Mr. McHenry Rhodes, of Owensboro, and Prof. T. J. Coates, of Richmond, for that purpose. Such a department is certain to appeal to the enthusiasm of both teachers and pupils, and spirited contests are expected.

This recognition of the rural schools is in line with the policy of the management to recognize the sections of the state from which a big part of the support for the Kentucky State Fair is expected.

PERRY'S VICTORY ON ERIE TO BE DISPLAYED IN FIRE

Triumph of Pyrotechnic Art, Something Absolutely New, Will Be Seen at Kentucky State Fair.

From the amusement standpoint alone, as divorced from the more serious or the educational end, the Kentucky State Fair of 1911 will make a big hit. Amusements of a character which will not give offense, but which still are up to the minute, have been contracted for by the management, and it will be to laugh every minute while the visitors are in the proper section. The marshalling into a band of several big, clumsy elephants is an entirely new and diverting feature from a pleasure standpoint. The Whirling Lunette Sisters will make the average person dizzy in a very few minutes and their gyrations are a wonder.

The combination feature known as the "Loop the Loop" and the "Gap the Gap," one of the most thrilling feats ever attempted anywhere, is certain to draw thousands daily to the scene of this dare-devil ride. The head-on collision between two monster engines, each weighing 40 tons, will provide sensations enough to last a week. The two engines are started towards each other on a track and permitted to crash in front of the grand stand.

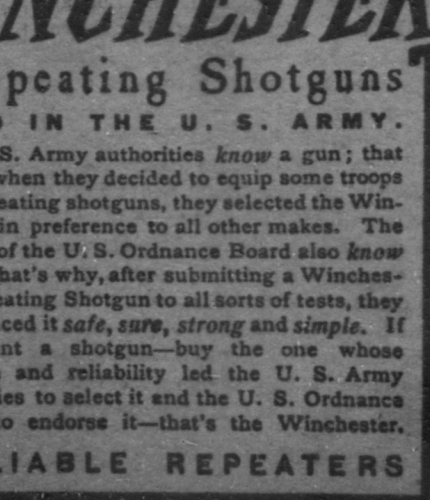

Kentucky's Commissioners will draw both old and young as if by magic, as the features are staged for this year will be certain to please. In this instance the state fair management has not been sparing of money as it decided that it were better to have none unless it be to be well spent.

Kentuckians should be especially interested in the graphically spectacular display of the Victory on Lake Erie, as Gov. Willson has already appointed commissioners from this state to the centennial celebration in 1912.

Other beautiful and impressive figures shown in fire will be produced nightly by the Pyro-Spectacular Company of New York City, with which concern the contract has been made.

CURIOUS BITS OF HISTORY

THE TRAGIC FATE OF ADMIRAL BYNG.

By A. W. MACY.

Admiral John Byng of the British navy, bungled a battle and was shot for it. In 1756 he was sent with his squadron to protect a British fleet on the island of Minorca, in the Mediterranean. He came to an engagement with the French fleet, but managed his vessels very poorly, and the French were victorious. When news of the defeat reached England there was a great outcry. The admiral was brought home and tried by court martial. The court found him guilty of not having done his utmost to win the battle, but acquitted him of cowardice and disaffection and recommended him to mercy on that account. But there was a stringent law at that time which prescribed death for negligence on the part of an admiral, and the king decided not to interfere with the verdict. Byng, however, was not without friends and defenders. Many people believed the government itself was at fault in not furnishing him with an adequate equipment of men and ships, and made him a scapegoat for its own shortcomings. His trial and execution made a deep impression on the public mind, and doubtless led to a modification of the law. The admiral met his death bravely, but it was needless cruelty to shoot him on a ship he had formerly commanded.
